RESTORx of Washington Honored With 2008 Claims Award

(Wood Dale, IL, March 10, 2009) – DKI, North America's largest disaster restoration contracting organization, today announced that RESTORx of Washington, of Auburn, Washington, received the 2008 Claims Award at Insights 2009: The Property Restoration Conference and Tradeshow, held in Scottsdale, Arizona, from February 22 to 25, 2009.

The Claims Award is presented to DKI Member Companies who exhibit exceptional claims service during the previous year. Selection for the Claims Award is based on four factors, including client feedback, DKI employee feedback, and an analysis showing how well the company responds to claims on DKI's DIAMOND system. DKI employees consider such things as which companies work in the spirit of partnership with the DKI claims operations staff, and which companies strive to benefit the entire DKI network.

After a careful review of all of the above factors, it was determined that seven companies in 2008 excelled in providing a high level of service, reporting, and assistance relative to DKI claims. RestorX of Washington was one of those seven.

Rick Bevins, president of RESTORx of Washington, is pleased with RESTORx of Washington's achievement, and is proud to be part of a company that continues to uphold the DKI mission, vision and values. Providing quality service to customers is RESTORx of Washington's number one priority, and the company consistently works to provide quality service to their customers and promote DKI as The Source for Quality Restoration.
